

INTERNATIONAL JOURNAL OF TRYPTOPHAN RESEARCH

Peer review and production:

- All submissions undergo a double-blind peer review with final editorial decision made by **Editor-in-Chief Gilles Guillemin**
- All papers to be published in a Special Collection for the journal

Submission Deadline:
October 15, 2018

All speakers at the ISTRY Conference are invited to submit a scientific or review manuscript to the:

International Journal of Tryptophan Research

The *International Journal of Tryptophan Research* is an international, open access, peer reviewed journal which covers all subjects related to Tryptophan research. There is no suitable journal that focuses on Tryptophan, and *TRY* aims to fill this void and provide a forum for those with interests in this area.

**Discounted APC of \$325
(50% discount on the full price of \$750)**

Payable upon acceptance

Use Code: QDCNN6A0CAZDY1BUGNN3

Why Publish Open Access with *International Journal of Tryptophan Research*?

- Indexed in the ESCI and PubMed Central (PMC)
- Published since 2008
- Visibility and Impact: Anyone anywhere in the world can read, use and cite your research
- Rigorous Standards: Double-blind peer review policy
- Flexibility: No page limits or page charges, and authors can publish full data sets, figures, tables, etc
- Copyright: Authors retain copyright under a Creative Commons License
